

Rahul Jain is a prominent figure in India's business coaching landscape. With over 25 years of experience, including roles at Tata Motors and ventures as a serial entrepreneur, he founded Business Coaching India (BCI) in 2004. Since then, he has coached more than 22,000 business owners across various sectors, including manufacturing, IT, retail, hospitality, and education. His coaching focuses on enabling business owners to run their operations by working just one day a week and doubling their profits annually.
